GREAT OPPORTUNITIES IN A GROWING ECONOMY: NOVEMBER 5, 2012

Investors are searching the world for growth. Many are turning to Brazil as an attractive market to find undervalued stocks representing companies poised for future success. Brazil has a young, emerging middle class, low sovereign debt and relatively strong economic growth that would make many developed nations envious.

In this November 5 special news report, *Barron's* will provide unique insights into the investment outlook for Brazil. We'll take a close look at the economy, and at the equity, bond and commodities markets. This *Barron's* report will offer sophisticated advice to wealthy readers looking to put their money to work in Brazil.

Advertising in this special news report will allow you to reach *Barron's* affluent audience in a must-read environment.
